

REDACTED – FOR PUBLIC INSPECTION

VIA ECFS

June 27, 2016

Ms. Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary
445 12th Street, S.W.
Washington, D.C. 20554

RE: **REQUEST FOR CONFIDENTIAL TREATMENT**
WC Docket No. 14-58 - ETC Annual Reports and Certifications

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Five-Year Service Quality Improvement Plan Progress Report included in FCC Form 481

Confidential Information – Subject to Protective Order Before the Federal Communications Commission

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Alma Communications Company (the Company), Study Area Code 421860 is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket No. 14-58. *The version of the Company's FCC Form 481 submitted via ECFS is a redacted version of the filing that contains no confidential information.*

The Company, by its authorized representative, hereby requests confidential treatment of two attachments to its FCC Form 481: (1) the five-year service quality improvement plan progress report and (2) the financial annual report, both of which were redacted in the ECFS submission. The request for confidential treatment of the five-year plan progress report is being made pursuant to Section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). The request for confidential treatment of the financial annual report is being made pursuant to the FCC's March 22,

2016 *Protective Order* in WC Docket Nos. 10-90 and 14-58. These attachments contain competitively sensitive data that Alma Communications Company maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Company.

Five-Year Service Quality Improvement Plan Progress Report

Pursuant to Section 0.459 of the Commission's rules and Exemption 4 of FOIA, Alma Communications Company requests that the text and data extracted from its five-year service quality improvement plan progress report be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Company maintains as confidential. Public availability of this information would have a substantial negative impact on the Company.

In accordance with Section 0.459 of the Commission's rules, the following information is provided in support of this request:

(1) Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 – Five-Year Service Quality Improvement Plan Progress Report. Specifically, confidential treatment is sought for all information in the five-year plan progress report related to the Company's access line counts, existing broadband capabilities, and current and planned financial investments in its network that will improve service quality, service coverage, and/or service capacity for its customers.

(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket No. 14-58 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a progress report on its five-year service quality improvement plan, pursuant to 47 C.F.R. §54.313(a)(1).

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The five-year service quality improvement plan progress report contains granular information on the Company's access line counts and/or existing broadband capabilities as well as recent and planned capital investments in its network to improve service quality, service coverage, and/or service capacity. It also contains a

MOSS-ADAMS_{LLP}

map of the Company's service area detailing progress toward meeting broadband deployment targets at the wire center level. This is closely guarded, privileged information that the Company does not make publicly available.

- (4) Explanation of the degree to which the information concerns a service that is subject to competition:

Broadband is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless Internet service providers. Most RLECs also face competition from at least one other wireline broadband provider, such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite broadband providers.

- (5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the five-year plan progress report would provide competitors with detailed, granular information regarding the Company's access line count, its existing broadband capabilities, and its recent and planned network investments that improve service quality, coverage, and/or capacity for subscribers. This would give competitors valuable confidential information with which to develop their own strategies for investing in the service area, thereby bringing substantial competitive harm to the Company.

- (6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Company has continually treated the extracted information in its five-year plan progress report as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

- (7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

The redacted information in the five-year plan progress report is not available to the public, and third-party access is limited as described in (6) above.

- (8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Company requests that the extracted information be withheld from public inspection indefinitely. The information in the five-year plan progress report details the Company's most recent network upgrades in relation to its previously submitted service quality improvement plan. It may also contain upcoming planned network improvements during the five-year period ending 2019. This information would provide a very useful baseline for competitors for several years beyond that period.

- (9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

Financial Annual Report

Section 3005 of FCC Form 481 requires a privately-held rate-of-return carrier receiving high cost support to attach a full and complete annual report of the company's financial condition and operations pursuant to 47 C.F.R. §54.313(f)(2). Alma Communications Company seeks confidential treatment of its financial annual report pursuant to the March 22, 2016 *Protective Order* in WC Docket Nos. 10-90 and 14-58.¹ The *Protective Order* specifically covers information filed pursuant to 47 C.F.R. §54.313(f)(2).

Alma Communications Company is providing to the Office of the Secretary, under seal, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection.

Each page of the five-year service quality improvement plan progress report confidential submission bears the legend, "CONFIDENTIAL – NOT FOR PUBLIC DISCLOSURE."

¹ *Connect America Fund, ETC Annual Reports and Certifications*, WC Docket Nos. 10-90 and 14-58, Protective Order, DA 16-296 (rel. Mar. 22, 2016).

MOSS-ADAMS_{LLP}

Each page of the financial annual report confidential submission bears the legend, "CONFIDENTIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER BEFORE THE FEDERAL COMMUNICATIONS COMMISSION."

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as attachments to the FCC Form 481.

In the filing submitted via ECFS, all pages containing confidential information bear the legend "REDACTED – FOR PUBLIC INSPECTION."

This cover letter includes no confidential information and the text is the same in both the non-redacted and redacted versions except for the confidentiality markings.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Eric M. Votaw".

Eric Votaw, Senior Manager for
Moss Adams LLP

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year. Name of Attached Document Listing Required Information

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481. Name of Attached Document Listing Required Information

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area. Name of Attached Document Listing Required Information

TO BE COMPLETED BY THE REPORTING CARRIER, IF AN AGENT IS FILING ANNUAL REPORTS ON THE CARRIER'S BEHALF:

Certification of Officer to Authorize an Agent to File Annual Reports for CAF or LI Recipients on Behalf of Reporting Carrier	
I certify that (Name of Agent) <u>Moss Adams, LLP</u> is authorized to submit the information reported on behalf of the reporting carrier. I also certify that I am an officer of the reporting carrier; my responsibilities include ensuring the accuracy of the annual data reporting requirements provided to the authorized agent; and, to the best of my knowledge, the reports and data provided to the authorized agent is accurate.	
Name of Authorized Agent:	<u>Moss Adams, LLP</u>
Name of Reporting Carrier:	<u>ALMA COMM. CO.</u>
Signature of Authorized Officer:	Date:
Printed name of Authorized Officer:	
Title or position of Authorized Officer:	
Telephone number of Authorized Officer:	
Study Area Code of Reporting Carrier:	<u>421860</u> Filing Due Date for this form: <u>07/01/2016</u>
Persons willfully making false statements on this form can be punished by fine or forfeiture under the Communications Act of 1934, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.	

TO BE COMPLETED BY THE AUTHORIZED AGENT:

Certification of Agent Authorized to File Annual Reports for CAF or LI Recipients on Behalf of Reporting Carrier	
I, as agent for the reporting carrier, certify that I am authorized to submit the annual reports for universal service support recipients on behalf of the reporting carrier; I have provided the data reported herein based on data provided by the reporting carrier; and, to the best of my knowledge, the information reported herein is accurate.	
Name of Reporting Carrier:	<u>ALMA COMM. CO.</u>
Name of Authorized Agent Firm:	<u>Moss Adams, LLP</u>
Signature of Authorized Agent or Employee of Agent:	Date: <u>06/25/2016</u>
Name of Authorized Agent Employee:	<u>Eric N. Votaw</u>
Title or position of Authorized Agent or Employee of Agent	<u>Senior Manager</u>
Telephone number of Authorized Agent or Employee of Agent:	<u>2099556116 ext.</u>
Study Area Code of Reporting Carrier:	<u>421860</u> Filing Due Date for this form: <u>07/01/2016</u>
Persons willfully making false statements on this form can be punished by fine or forfeiture under the Communications Act of 1934, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.

Voice Network

Pursuant to 47 C.F.R. § 54.313(a)(5) and or 47 C.F.R. § 54.422(b)(3) Alma ("Alma") is in compliance with appropriate FCC Service Quality Standards and Consumer Protection Rules and with the consumer protection, quality of service standard, service objective level, customer inquiry and customer dispute provision of the state of Missouri as defined in Missouri Code of State Regulations 4 CSR 240 Chapters 32 and 22 (even though compliance with these regulations has been waived by the Missouri Public Service Commission.). Alma provides CPNI training to all of its new employees and in addition trains all of its existing employees on an annual basis. In addition Alma trains staff on Red Flag issues on an annual basis. All company employees are required to sign and acknowledge that they have completed CPNI and Red Flag training and understand obligations to adherence of applicable rules.

Alma also outlines its rates, terms, and conditions under which Alma offers service in its Local Exchange Tariff. The tariff explains customer rights and obligations, customer service, dispute resolution, deposits, billing and payment options, disconnection of service as well as cancellation of service options. Alma keeps its tariffs available for public inspection at its business offices.

Broadband Network

Pursuant to 47 C.F.R. § 54.313(a)(5) and or 47 C.F.R. § 54.422(b)(3) Alma is in compliance with applicable FCC Service Quality Standards and Consumer Protection Rules. Alma trains staff on applicable rules for broadband services issues on an annual basis. In addition Alma has placed on its website at www.almanet.net its network practices and policies regarding FCC's Net Neutrality Rules.

Alma also outlines its rates, terms, and conditions under which Alma offers Broadband service in NECA Tariff #5 to Internet Service Providers ("ISP"). The NECA Tariff explains customer (ISPs) rights and obligations, customer service, dispute resolution, deposits, billing and payment options, disconnection of service as well as cancellation of service options. Public inspection of NECA Tariff #5 can be found on NECA's website. Retail DSL rates, terms, and conditions for retail services are provided by the ISP and not by Alma.

Functionality in Emergency Situations:

Voice Network

Pursuant to 47 C.F.R. § 54.313(a) (6) and 47 C.F.R § 54.22(b)(4) as set forth in 47 C.F.R. § 54.202(a)(2) Alma Communications Company ("Alma") meets the requirements to remain functional in emergency situations and has the following capabilities: 1.) Alma maintains a disaster recovery manual, which has been filed with the Missouri Public Service Commission; 2.) Alma has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations; 3.) Alma is a single wire center company, who operates a fiber-to-the-home network. Alma has power systems in the central office capable of supplying 48 volt power for a minimum of 8 hours with no outside power source. Alma also maintains a standby generator capable of running for an extended number of days. All Optical Network Terminals ("ONTs") at the customer premises have UPS power capable of providing 8 to 12 hours of DC power to the ONT with no outside power source. Back-up power supplies are tested and maintained as necessary. Alma takes no responsibility for the capabilities of interconnected networks to manage traffic spikes resulting from emergency situations, but will continue its best efforts for its own network during such events; 4.) Alma has the capacity for all customers to utilize the phone at the same time for local services. For all non-local services, Alma connects through a meet-point with two different tandem offices. Alma's switched traffic leaves the central office and is maintained on redundant fiber paths. Alma's special access and 9-1-1 traffic leaves the central office utilizing two different fiber paths which allows for redirection of traffic should one be disrupted. Prior to the meet-point, both paths are joined for a short distance; traffic is directed on Alma's facilities utilizing a linear path. Once handoff at the meet-point to the tandem provider, it is directed for a short distances on a linear path but then redirected to complete on a redundant path. Building 100% redundant paths would be cost prohibitive.

Broadband Network

Pursuant to 47 C.F.R. § 54.313(a) (6) and 47 C.F.R § 54.22(b)(4) as set forth in 47 C.F.R. § 54.202(a)(2) Alma Communications Company ("Alma") meets the requirements to remain functional in emergency situations and has the following capabilities: 1.) Alma maintains a disaster recovery manual, which has been filed with the Missouri Public Service Commission; 2.) Voice Services Comparability Report

Pursuant to 47 C.F.R. § 54.313 (a) (10) Alma Communications Company (“Alma”) is in compliance with the requirement that voice services is no more than two standard deviations above the national average urban rate for voice service of \$41.07 as specified in Public Notice DA 16-362 issued on April 5, 2016. Alma’s current total local end-user rate¹ of \$16.00 is not above the standard deviation as specified in the USF/ICC Transformation Order.²

¹ Local End User Rate as defined in USF/ICC Transformation Order 26 FCC Rcd at 17751, Para. 238

² USF/ICC Transformation Order, 26 FCC Rcd at 17694, Para. 84 (footnote included) “The standard deviation is a measure of dispersion. The sample standard deviation is the square root of the sample variance. The sample variance is calculated as the sum of the squared deviations of the individual observations in the sample of data from the sample average divided by the total number of observations in the sample minus one. In a normal distribution, about 68 percent of the observations lie within one standard deviation above and below the average and about 95 percent of the observations lie within two standard deviations above and below the average.”

Broadband Services Comparability Report

Pursuant to 47 C.F.R. § 54.313 (a) (11) Alma Communications Company (“Alma”) charges a residential rate of \$49.95 for broadband providing 15 Mbps download, 3 Mbps upload, and an unlimited usage allowance. This rate is lower than \$78.66, which is the 2016 reasonable comparability benchmark for the same offering established by the Wireline Competition Bureau.¹

¹ *Wireline Competition Bureau Announces Results of 2016 Urban Rate Survey for Fixed Voice and Broadband Services and Posting of Survey Data and Explanatory Notes*, Public Notice, WC Docket No. 10-90, DA 16-362 (rel. April 6, 2016).

LOCAL EXCHANGE TARIFFS

Lifeline and Disabled Programs

(N)

The Company fully participates in the Lifeline and Disabled Programs designed for qualifying low-income and disabled residential local exchange voice telephony service subscribers, respectively. Eligibility criteria and program requirements are identified in Missouri Public Service Commission rules. The maximum allowable monthly discount is provided to program participants based on federal and state funding support for the Lifeline program and solely state funding support for the Disabled program. Lifeline service is available with optional toll blocking or toll limitations service restricting access to 1+, 0+, or 0- dialed calls at no charge.

A customer must apply with the Company to participate in either program and submit proof of eligibility. Participants are limited to one program benefit per household. In addition an applicant must agree to certain conditions and responsibilities including but not limited to a requirement to annually verify continued eligibility to the Lifeline program. If an applicant makes false statements or fails to comply with program requirements then the subscriber will be de-enrolled from the program.

Service will not be disconnected for non-payment of charges unless the subscriber fails to pay charges directly related to voice telephony service.

Milestone Certification

Pursuant to 47 C.F.R. § 54.202(a) Alma Communications Company (“Alma”) provides this certification that it is taking reasonable steps to provide upon reasonable request broadband speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to offerings in urban areas as determined in an annual survey as specified in Public Notice DA 16-362, and that requests for such service are met within a reasonable amount of time. Details for how Alma is meeting its obligations for its goals and required obligations are specified within the FCC Form 481 annual filing.
